FAQS

HOW EARLY SHOULD I SCHEDULE MY ALTERATIONS?

I recommend reaching out about 6 months before your wedding date to book your alterations appointment. Your 1st fitting should take place 8-10 weeks before your wedding date, and I am a one woman operation, so it never hurts to reach out early to ensure you get an appointment.

CAN YOU ACCOMMODATE RUSH ALTERATIONS?

Rush alterations are charged an additional rush fee, and cannot always be accommodated. It depends on the number of current clients I have scheduled, so please reach out and I can let you know on a case by case basis if I am able to help you.

HOW MUCH DO ALTERATIONS COST?

Pricing depends on your specific dress and the type of alterations that are required. On average, bridal alterations cost between \$500 and \$700. Sometimes it can be less, and sometimes it is more. If you are concerned about pricing, or if you are on a tight budget, you are welcome to reach out to request a complimentary virtual consultation where I provide a rough estimate. In-person consultations are available at \$50 for a 30 min appointment. This fee is to cover time the spent working with you to give you a more accurate quote. If you move forward with alterations with me, the \$50 will be put towards your total alterations cost.

WHERE DO YOU HOLD FITTINGS?

Fittings are held every Thursday at Bridal Elegance in Torrance. During the busy spring/summer season, I'm only able to offer these Thursday appointments to brides who have purchased dresses from Bridal Elegance. If you are a bride from another salon, please reach out to me directly and I can see if I have any availability in my schedule to see you on another day.

LOOKING FORWARD TO WORKING WITH YOU,

Courtney
